

December 16, 2020

Dear North Side Families,

If you have been following the news, you know that the guidelines for quarantine are being reconsidered. The recent proposal by the CDC is that the quarantine period be shortened. This change allows our in-school students to return after the holiday earlier than we had planned. Winter break will be December 21st - January 3rd. All students will be virtual January 4th - January 8th.

The new guidelines will allow us to return to in-school work on January 11th rather than the 19th. **Therefore, be prepared for in-school starting on January 11th.** This applies to both the elementary and middle schools.

NOTE: The in-school start date only applies to students who selected in-person instruction. Virtual learning is still an option for the spring semester.

Sincerely,
John Grote
Executive Director
